Breeding	Spurred cordon
IGT Minimum Return	110 quintals / hectare, equal to 164,000 bottles
Production	20.000 bottles
Harvest	Manual 2nd and 3rd decade of September
Grape Selection	Manual on three vibrating tables
Aging	6 months in large barrels, aging in bottle
Wine Longevity	15 years
Alcohol	13,5%
Best Temperature	16° – 18° C

Sangiovese, Merlot, Cabernet, Sagrantino

Appearance: It has a ruby colour surrounded by a purplish edge.

Nose: Impact with an animal scent, dusty potpourri, dark blackberry, black pepper and liquorice that fades into nuances of cloves, coffee, vanilla and a mentholated memory.

Palate: Soft and clean impact of vanilla, blackberry and black cherry in alcohol. A good acidity and persistence support an excellent sapidity and notes of cloves.
